Gazzmatic International

www.gazshocks.com

Gazzmatic International Limited manufacture a very extensive range of adjustable dampers and suspension kits for the road and motorsport market. The units are hand built to the highest standards in our factory in the south east of England.

These products are available through a wide network of specialist outlets both in the U.K. and world wide. Gaz units are provided with an on car multi point adjustment facility that alters bump and rebound settings on a pre set ratio i.e. 3-1, 2-1 etc by a single control knob on the side of the unit. The struts and inserts in the road range are fitted with a top adjuster that alters rebound settings only but the bump setting can be altered for various motor sport use i.e. drag racing, track day or race use at the point of order.

Classic and historic car applications can be made with a variety of end fittings i.e. spherical bearings, metalastic or polyurethane bushes to suit most vehicles. These units can be plated black on request for a more period look.

Most of the bodies of the units are electro plated to help prevent corrosion. The piston rods are induction hardened and hard chrome plated to resist dirt and stone damage. Units can be valved to suit motor sport applications at no extra cost as long as this is specified at point of order. All units can be revalved to adjust ride and handling characteristics for motorsport, road and kit car use.

All road units carry a two year manufacturer's warranty.

Gaz Product Guide

www.gazshocks.com

GAZ GT

A very extensive range of telescopic dampers for both modern and classic car applications. These units can be built in various open and closed lengths and will adjust bump and rebound off a single control knob.

GAZ GS

This is a fixed spring seat unit to take standard diameter coil springs with the added benefit of adjustable damping from a single control knob. These units are manufactured mainly for the classic car market to retain original equipment ride height but lengths can be adjusted to customers requirements if the car is to be lowered or raised for competition use.

GAZ GP

A vast range of height and damping adjustable units for road and competition use. These units are available in two diameters 1.3/4" o.d. mainly to take 1.9" i.d. coils. These units have a 12mm piston rod and a gas cell fitted in the outer reservoir. The 2" body units are available with 12-14 or 16mm rods and a wide range of spring seat sizes. These are also fitted with a gas cell to prevent cavitation and resist fade. All units are available with bearings, bonded or polyurethane bushes.

GAZ Double Adjustable Race Coilover

In response to customer demand, we now produce a double adjustable specifically coilover damper for competition or serious track day use damper where extra adiusting perameters are required. The body of the damper now sports two multi point adjustable control knobs, one for the bump and one for the rebound adjustment. They are manufactured from high tensile alloy with induction hardened piston rods and are filled with high viscosity index fluid to help prevent fade and have an internal gas cell to alleviate cavitation. They are available in a range of body diameters, strokes and lengths and come with the option of selflubricating spherical bearings and progressive bump stops.

mounts. few weeks

2. Units can be produced with a new outer tube threaded for height adjustment and fitted with a top adjuster.

3. The Gold range units can be made to a similar specification with bump and rebound adjustment by a side control knob with fixed or adjustable platforms for historic racing.

Customers who find they cannot obtain replacement parts for classic or historic cars, whether they utilise stub axles on McPherson struts or brackets on semi stubs should contact GAZ regarding remanufacture of these components, as we are nominally able to fabricate front and rear units to suit your requirements. Exact specifications and price will need to be agreed between customer and Gazmatic International Limited to

GAZ GAI

A range of top adjustable inserts that alter rebound only but are available with various bump rates for road or competition cars manufactured from the 1960's onwards.

GAZ Gold Pro

Gaz gold pro kits are a premium range of suspension units designed for fast road, track day and tarmac motorsport use. They are manufactured from high tensile alloy with induction hardened piston rods and have a multi point adjustable control knob to adjust bump and rebound. These units are filled with high viscosity index fluid to alleviate cavitation and have an internal gas cell to help prevent fade, added to this the Gaz Gold Pro range are offered with self lubricating spherical bearings and progressive bump stops.

GAZ 40mm Monotube Suspension Insert

Gaz have just released a 40mm inverted mono tube insert, which features a high quality hard chrome plated outer cylinder that is fitted with a 14mm induction hardened piston rod. The unit is charged with nitrogen and a high viscosity fluid that is separated by a floating piston for consistant damping under extreme condtitions. They are available in various lengths for rally, trackday and race to take roller bearing

GAZ CLASSIC REBUILD SERVICE

Gaz can rebuild or modify existing suspension setups to a modern height and rate adjustable damping unit within a

1. Old McPherson struts can be sent to GAZ to be totally reconditioned to standard or uprated specifications.

Gaz Product Guide

www.gazshocks.com

GAZ GHA Kits

Gaz height adjustable kits are primarily made for the modified road car market. The main features of these kits are:

1. On car damping adjustment

2. Shortened body and stroke lengths to allow a -25 to -65mm ride height adjustment

3. The units have a coarse acme form thread for ease of adjustment and to minimise corrosion the unit is zinc plated.

4. All units are provided with high quality coil springs in various rates and diameters. Spring rates can be altered on request to suit customers requirements.

5. When a coilover is unable to be installed a separate damper and rear coil spring with a variable spring platform is used so the kit retains full height adjustment. N.B. These kits can obtain much lower ride heights for show purposes only but the vehicle should not be driven at these levels as the steering and drive shaft joints can lock out.

GAZ Gold Kits

Gaz Gold height adjustable kits are a premium range of suspension units designed for tarmac motorsport and the serious track day enthusiast. Most of the GHA Listings are available in the Gold range with the addition of strut kits for the classic and retro car market i.e. Lotus, Cortinas, Escort, Mexicos, Capris, Lancia Intergrale and Evo's.

The features are:-

1. Front and rear units adjust bump and rebound from a single control knob on the side of the unit.

2. Struts and semi struts have 62mm bodies for increased oil capacity. These units are fitted with 22mm diameter induction hardened piston rods that are hard chrome plated for strength and durability.

3. All units have multi lip sealing. The outer seal is a metal encased wiper to clean the piston rod. This in turn extends main seal performance and oil retention under extreme conditions.

4. All the Gold range are fitted with a gas cell in the outer reservoir and filled with a high viscosity index multi grade oil to prevent cavitation and reduce fade in motor racing conditions.

5. The coilovers and telescopic units in this range utilise lightweight billet alloy components where possible, i.e. bases, end fittings, seats, lockrings, rod guides and gland nuts. The outer tube is steel with a nickel coating to provide the best anti corrosive finish possible. All outer alloy components are anodised.

6. A full range of springs are stocked at the factory for road and motorsport use.

GAZ Monotube

A new quality damper to satisfy the needs of the discerning competition and track day enthusiasts. Built from high tensile alloy to withstand the high stresses that are involved in race conditions.

The damper body is hard anodised to give maximum protection against wear during use. Bump and rebound are on the car adjustable by a single adjuster on the rod and the unit is charged with an inert gas via an internal floating piston.

PTFE lined spherical bearings are used for the end fittings to give a smooth quiet mounting of the unit.

GAZ Top Mounts and Camber Adjusters

We now offer a wide range of uprated top mounts, two piece sliding mounts and eccentric top mounts to improve handling and provide adjustability for the steering geometry. Although they will improve handling they are only recommended for track and race use as the resulting ride would be too harsh for regular road use.

Additional Notes:

1. Original equipment donor units are required.

2. Original equipment front struts are required for rebuild to height adjustable front struts.

3. Telescopic rears not coilovers, rear height adjustment achieved by lowered springs only (supplied).

4. Telescopic rears not coilovers, rear height adjustment possible using original equipment torsion bars. Specialist knowledge required.

5. Original Equipment configuration is a separate spring/damper installation. GHA and GGA provide a collover damper which requires the installation of a rear strut brace.

6. Full rear conversation kit available. Vehicle rear turrets require professional installation.

7. Telescopic rears not coilovers, rear height adjustment achieved by lowered springs and GAZ adjustable spring pans (supplied)

8. Front height adjustment is achieved by using a supplied threaded external tube and 65mm id coil springs fitted to original struts.

9. Kits are also available with Roller bearing top mounts, shortened damper bodies etc. Phone for details of specification and price.

Gaz Coilover Shock Absorbers

MONOTUBE STRUTS

Single Adjustable Struts 40mm	£POA
GAZ REMOTE GAS COILOVER	
SINGLE ADJUSTABLE	£306.08
GAZ GOLD REMOTE CANISTER - DOUBLE ADJUSTABLE	£389.55

Why choose GAZ?

• Flexibility / Adaptabilité / Flexibilität / Flexibilidad

• Easy multi point rotary adjustment providing the facility for fine tuning without the need to remove the shock absorber from the car.

Revolutionary / Révolutionnaire / Revolutionär / Revolucionario

• Double lip seal plus a further stem seal on the piston rod. Produces a shock absorber with unrivalled performance characteristics for both the road and track.

Drivability / Conduite / Fahrbarkeit / Maneiabilidad

• Employing our complete understanding of every aspect of damping technology we believe that Gaz shock absorbers strike the ultimate balance between comfort and performance road holding.

Fitting, Useage Guide and Warranty

www.gazshocks.com

Fitting Advice

1. Gazmatic Products should only be fitted by a suitably qualified person, as per the original equipment.

3. Never grip the piston rod, as this will damage the highly polished surface leading to possible premature failure of damper.

5. Check that after fitting there is space between the bump stops and the top of the damper. If there is not you may need to purchase shorter bump stops. Never omit the bump stops, if supplied.

6. After lowering or raising any vehicle, it is necessary to reset the tracking and in some cases also the camber settings. These should be returned to factory settings where possible.

7. To set up your car, set all the damper adjusters to mid setting, then adjust to suit

8. When fitting non-standard wheel and tyre combinations and lowering the vehicle it is the responsibility of the owner to ensure there is adequate body and tyre clearance.

10. The top adjustable struts have multi rebound adjustments. Turning the adjusters fully anti-clockwise gives a soft setting. Turning the adjusters clockwise gives a harder setting. 11. The Gaz shock adjuster affects both bump and rebound. To set the adjuster for the soft position turn anti-clockwise until it stops. The multi point adjustment will increase the damping forces with each clockwise click of the adjuster knob. Excessive over adjustment may cause damage to the adjuster mechanism.

12. Maximum lowering is achieved where the bump stops are sitting just off the top of the dampers. Never ride the car on the bump stops as this will decrease the life of the dampers and not give optimum handling.

13. Using stiffened/up-rated shock absorbers and springs increases the load on other suspension components. We do not accept any liability for premature failure of any associated part.

14. To get the best results from your Gaz kit, geometry set by a specialist.

General information regarding the fitment of shock absorbers, suspension struts and lowering kits.

Replacing shock absorbers on any vehicle requires mechanical automotive experience. Under no circumstances should any tool be used to grip the piston rod. This will inevitably produce damage to the smooth surface of the piston rod and torn chamber seals, resulting in fluid loss and an unservicable unit. Please take time to examine other suspension components during fitment and renew any worn items with suitable replacements.

Suitability

Be sure to check that the parts you are supplied are suitable for the vehicle for which they are intended. We cannot replace any items that have been correctly supplied to the information that we have been given after they have been fitted.

Springs

Please ensure that springs are fitted correctly and not inverted. If you are unable to determine the correct fitting position for your vehicle please refer to your workshop manual or seek guidence from a qualified person.

Brake bias adjustment

Some vehicles that are fitted with a brake bias system may require resetting or adjustment after installation of your new shock absorbers and springs.

Mechanical ABS sensor adjustment

Some vehicles that are fitted with mechanical ABS sensors may require resetting or adjustment after installation of your new shock absorbers and springs.

Steering geometry

Unless Gaz Shocks specify alternative measurements, please use the settings detailed by the manufacturer of the vehicle.

Lowering measurements

The reduction in ride height quoted in our catalogue is approximate and can be affected by many factors that are outside the control of GAZ Shocks. Please ensure that your car has not been subject to any other conversion that may continue to influence its ride height after installation and impair the performance of our product.

N.B With some Mercedes models, worn spacers between the coil spring and spring pan may result in excessive lowering. Replacement spacers are readily available from Mercedes Benz spares stockists and should effectively remedy this problem.

Problems associated with excessive lowering

Gaz Shocks recommend that no vehicle is lowered more than 60mm. We will not accept any claim for damage or excessive wear to any component or area of a vehicle however caused. Vehicles that have had their ride height reduced in excess of 40mm often benefit from having their steering geometry reset to the data detailed by the manufacturer of the vehicle to promote even tyre wear. In some extreme cases even this course of action will not remedy the situation and Gaz Shocks cannot be held responsible for any excessive tyre wear however caused.

Aftermarket wheels & tyres

Please ensure that the wheels and tyres fitted to the vehicle will allow enough clearance from the bodywork after installation of the lowering kit. Gaz Shocks are not responsible for any damage to tyres or bodywork caused by friction during contact.

Gaz Shocks warranty

Your Gaz Shock is covered by a two year warranty, effective from the date that the shock was purchased. In the unlikely event of a claim under the warranty, the Company will require evidence of purchase. It is a requirement of the Gaz warranty agreement that any faulty unit must be returned to the dealer from whom it was purchased. The dealer will then forward it to the Gaz Quality Department who will assess any relevant claim. The Company will, at its discretion, repair or replace shocks which are part of a valid claim. This warranty will not be valid if there is evidence of incorrect installation or signs that the unit has been tampered with. Units should be returned to the Quality Manager, at the address shown below. A note giving details of the failure and the conditions prevailing at the time should accompany the unit. Receipt of the unit will be acknowledged and the Company will endeavour to respond within 10 working days. This warranty does not apply if the shock has been used for competition purposes. Gaz Shocks are dedicated to producing Shock Absorbers and Struts that satisfy the exacting requirements of our customers. As part of our Quality System, we are committed to a quality improvement programme and we regard the feedback of our customers as an essential part of this process.

WARNING Do not over-tighten base control knob in either direction, as this will result in locking the adjustment on the complete assembly.

Any comments / observations that you have should be sent to:

The Quality Manager. Gazzmatic International Ltd. Rayridge House. Swinborne Road. Burnt Mills Industrial Estate. Basildon. Essex SS13 1EH. United Knigdom.

See www.gazshocks.com for a fully illustarted fitting guide **Terms & Conditions of Business**

www.gazshocks.com

1 Interpretation

1.1 In these Conditions the following words have the following meanings: 'Buyer' the person(s), firm or company who purchases the Goods from the Company; 'Company' GAZZ-MATIC INTERNATIONAL LIMITED (Company No 4071528) whose registered office is at Ravridge House, Świnbourne Road, Burnt Mills Industrial Estate, Basildon, Essex SS13 1EH; 'Contract' any contract between the Company and the Buyer for the sale and purchase of the Goods, incorporating these Conditions; 'Delivery Point' the place where delivery of the Goods is to take place under condition 4; and 'Goods' any goods agreed in the Contract to be supplied to the Buyer by the Company (including any part or parts of them).

1.2 In these Conditions references to any statute or statutory provision shall, unless the context otherwise requires, be construed as a reference to that statute or statutory provision as from time to time amended, consolidated, modified, extended, re-enacted or replaced

1.3 In these Conditions references to the masculine include the feminine and the neuter and to the singular include the plural and vice versa as the context admits or requires.

1.4 In these Conditions headings will not affect the construction of these Conditions 2 Application of terms

2.1 Subject to any variation under condition 2.3 the Contract will be on these Conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, specification or other

2.2 No terms or conditions endorsed upon, delivered with or contained in the Buyer's purchase order, specification or other document will form part of the Contract simply as a result of such document being referred to in the Contract.

2.3 These Conditions apply to all the Company's sales and any variation to these Conditions and any representations about the Goods shall have no effect unless expressly agreed in writing and signed by a director of the Company. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this Condition will exclude or limit the Company's liability for fraudulent misrepresentation.

2.4 Each order or acceptance of a quotation for Goods by the Buyer from the Company shall be deemed to be an offer by the Buver to purchase Goods subject to these Conditions.

2.5 No order placed by the Buyer shall be deemed to be accepted by the Company until a written confirmation of order is issued by the Company or (if earlier) the Company delivers the Goods to the Buyer. 2.6 The Buyer must ensure that the terms of its order and any applicable specification are complete and accurate.

2.7 Any quotation is given on the basis that no contract will come into existence until the Company despatches a written confirmation of order to the Buyer. Any quotation is valid for a period of 30 days only from its date, provided that the Company has not previously withdrawn it

3 Description

3.1 The quantity and description of the Goods shall be as set out in the Company's quotation or confirmation of order

3.2 All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the goods described in them. They will not form part of this Contract and this is not a sale by sample. 4 Delivery

4.1 Unless otherwise agreed in writing by the Company, delivery of the Goods shall take place at the Company's place of business.
4.2 The Buyer will take delivery of the Goods within 7 days of the Company giving it notice that the Goods are ready for delivery.
4.3 Any dates specified by the Company for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence by notice. If no dates are so specified, delivery will be within a reasonable time. 4.4 Subject to the other provisions of these Conditions, the Company will not be liable for any direct, indirect or consequential

loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Company's negligence), nor will any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 90 days.

4.5 If for any reason the Buyer will not accept delivery of any of the Goods when they are ready for delivery, or the Company is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations: 4.5.1 risk in the Goods will pass to the Buyer (including for loss or damage caused by the Company's negligence); 4.5.2 the Goods will be deemed to have been delivered; and 4.5.3 the Company may store the Goods until delivery whereupon the Buyer will be liable for all related costs and expenses (including, without limitation, storage and insurance).

4.6 The Buyer will provide at its expense at the Delivery Point adequate and appropriate equipment and manual labour for loading the Goods.

4.7 If the Company delivers to the Buyer a quantity of Goods of up to 10% more or less than the quantity accepted by the Company the Buyer shall not be entitled to object to or reject the Goods or any of them by reason of the surplus or shortfall and shall pay for such goods at the pro rata Contract rate

4.8 The Company may deliver the Goods by separate instalments. Each separate instalment will be invoiced and paid for in accordance with the provisions of the Contract.

4.9 Each instalment will be a separate Contract and no cancellation or termination of any one Contract relating to an instalment will entitle the Buyer to repudiate or cancel any other Contract or instalment.

5 Non-delivery 5.1 The quantity of any consignment of Goods as recorded by the Company upon despatch from the Company's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary. 5.2 The Company shall not be liable for any non-delivery of Goods (even if caused by the Company's negligence) unless written

notice is given to the Company within 2 days of the date when the Goods would in the ordinary course of events have been received.

5.3 Any liability of the Company for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6 Risk/title

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Ownership of the Goods shall not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of: 6.2.1 the Goods; and 6.2.2 all other sums which are or which become due to the Company from the Buyer on any account

6.3 Until ownership of the Goods has passed to the Buyer, the Buyer must: 6.3.1 hold the Goods on a fiduciary basis as the Company's bailee; 6.3.2 store the Goods (at no cost to the Company) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property; 6.3.3 not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and 6.3.4 maintain the Goods in satisfactory condition and keep them insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company. On request the Buyer shall produce the policy of insurance to the Company. 6.4 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions: 6.4.1 any sale shall be

effected in the ordinary course of the Buyer's business at full market value; and 6.4.2 any such sale shall be a sale of the Company's property on the Buyer's own behalf and the Buyer shall deal as principal when making such a sale. 6.5 The Buyer's right to possession of the Goods shall terminate immediately if: 6.5.1 the Buyer has a bankruptcy order made

against him or makes an arrangement or composition with his creditors, or otherwise takes the benefit of any statutory provision for the time being in force for the relief of insolvent debtors, or (being a body corporate) convenes a meeting of creditors (whether formal or informal), or enters into liquidation (whether voluntary or compulsory) except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation, or has a receiver and/or manager, administrator or administrative receiver appointed of its undertaking or any part thereof, or documents are filed with the court for the appointment of an administrator of the Buyer or notice of intention to appoint an administrator is given by the Buyer or its directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B1 to the Insolvency Act 1986), or a resolution is passed or a petition presented to any court for the winding up of the Buyer or for the granting of an administration order in respect of the Buyer, or any proceedings are commenced relating to the insolvency or possible insolvency of the Buyer; 6.5.2 the Buyer suffers or allows any execution, whether legal or equitable, to be levied on his/its property or obtained against him/it, or fails to observe/perform any of his/its obligations under the Contract or any other contract between the Company and the Buyer, or is unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or the Buyer ceases to trade; or 6.5.3 the Buyer encumbers or in any way charges any of the Goods.

6.6 The Company shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from the Company

6.7 The Buyer grants the Company, its agents and employees an irrevocable licence at any time to enter any premises where the

Goods are or may be stored in order to inspect them, or where the Buyer's right to possession has terminated, to recover them. 6.8 Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer will be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer

6.9 On termination of the Contract, howsoever caused, the Company's (but not the Buyer's) rights contained in this condition 6 will remain in effect. 7 Price

7.1 Unless otherwise agreed by the Company in writing, the price for the Goods shall be the price set out in the Company's price list published on the date of delivery or deemed delivery.

7.2 The price for the Goods shall be exclusive of any value added tax and all costs or charges in relation to packaging, loading, unloading, carriage and insurance all of which amounts the Buyer will pay in addition when it is due to pay for the Goods. 8 Payment

8.1 Subject to condition 8.4, unless otherwise agreed by the Company in writing payment of the price for the Goods is due in pounds sterling on the last working day of the month following the month in which the Goods are delivered or deemed to be delivered.

8.2 Time for payment shall be of the essence.

8.3 No payment shall be deemed to have been received until the Company has received cleared funds.

8.4 All payments payable to the Company under the Contract shall become due immediately upon termination of this Contract despite any other provision.

8.5 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be

paid by the Company to the Buyer. 8.6 If the Buyer fails to pay the Company any sum due pursuant to the Contract the Buyer will be liable to pay interest to the Company on such sum from the due date for payment at the annual rate of 5% above the base lending rate from time to time of Barclays Bank Plc, accruing on a daily basis until payment is made, whether before or after any judgment. The Company reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998. 9 Quality

9.1 The Company warrants that (subject to the other provisions of these Conditions) upon delivery the Goods will be of satisfactory quality within the meaning of the Sale of Goods Act 1979. 9.2 The Company shall not be liable for a breach of the warranty in condition 9.1 unless: 9.2.1 the Buyer gives written notice of

the defect to HC company, and (if the defect is as a result of damage in transit) to the carrier, within 2 days of the time when the Buyer discovers or ought to have discovered the defect; and 9.2.2 the Company is given a reasonable opportunity after receiving the notice of examining such Goods and the Buyer (if asked to do so by the Company) returns such Goods to the Company's place of business at the Buyer's cost for the examination to take place there. 9.3 The Company shall not be liable for a breach of the warranty in condition 9.1 if: 9.3.1 the Buyer makes any further use of such

Goods after giving such notice; 9.3.2 the defect arises because the Buyer failed to follow the Company's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or 9.3.3 the Buyer alters or repairs such Goods without the written consent of the Company. 9.4 Subject to conditions 9.2 and 9.3, if any of the Goods do not conform with the warranty in condition 9.1 the Company shall

at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate provided that, if the Company so requests, the Buyer shall, at the Company's expense, return the Goods or the part of such Goods which is defective to the Company.

9.5 If the Company complies with condition 9.4 it shall have no further liability for a breach of the warranty in condition 9.1 in respect of such Goods.

9.6 Any Goods replaced will belong to the Company.

10 Limitation of liability

10.1 Subject to conditions 4, 5 and 9, the following provisions set out the entire financial liability of the Company (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of: 10.1.1 any breach of these Conditions; 10.1.2 any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and 10.1.3 any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.

10.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.

10.3 Nothing in these Conditions excludes or limits the liability of the Company: 10.3.1 for death or personal injury caused by the Company's negligence; 10.3.2 under section 2(3) Consumer Protection Act 1987; 10.3.3 for any matter which it would be illegal for the company to exclude or attempt to exclude its liability; or 10.3.4 for fraud or fraudulent misrepresentation.

10.4 Subject to conditions 10.2 and 10.3: 10.4.1 the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise arising in connection with the performance or contemplated performance of this Contract shall be limited to the Contract price; and 10.4.2 the Company shall not be liable to the Buyer for any pure economic loss, loss of profit, loss of business, depletion of goodwill or otherwise, in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

11 Assignment

11.1 The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of the Company. 11.2 The Company may assign the Contract or any part of it to any person, firm or company.

12 Force majeure

The Company reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of the Company including, without limitation, acts of God, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, tsunami, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials provided that, if the event in question continues for a continuous period in excess of 90 days, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract. 13 General

13.1 Each right or remedy of the Company under the Contract is without prejudice to any other right or remedy of the Company whether under the Contract or not.

13.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect

13.3 Failure or delay by the Company in enforcing or partially enforcing any provision of the Contract will not be construed as a waiver of any of its rights under the Contract. 13.4 Any waiver by the Company of any breach of, or any default under, any provision of the Contract by the Buyer will not be

deemed a waiver of any subsequent breach or default and will in no way affect the other terms of the Contract. 13.5 The parties to this Contract do not intend that any term of this Contract will be enforceable by virtue of the Contracts (Rights

of Third Parties) Act 1999 by any person that is not a party to it. 13.6 The formation, existence, construction, performance, validity and all aspects of the Contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English

14 Communications

14.1 All communications between the parties about this Contract must be in writing and delivered by hand or sent by pre-paid first class post or sent by facsimile transmission: 14.1.1 (in case of communications to the Company) to its registered office or such changed address as shall be notified to the Buyer by the Company; or 14.1.2 (in the case of the communications to the Buyer) to the registered office of the addressee (if it is a company) or (in any other case) to any address of the Buyer set out in any document which forms part of this Contract or such other address as shall be notified to the Company by the Buyer. 14.2 Communications shall be deemed to have been received: 14.2.1 if sent by pre-paid first class post, 2 days (excluding

Saturdays, Sundays and bank and public holidays) after posting (exclusive of the day of posting); 14.2.2 if delivered by hand, on the day of delivery; or 14.2.3 if sent by facsimile transmission on a working day prior to 4.00 pm, at the time of transmission and otherwise on the next working day

IF THE BUYER IS A CONSUMER THE BUYER'S STATUTORY RIGHTS ARE NOT AFFECTED
