

## NEEDLE BEARING INSTALLATION

### Triumph TR7

Part Number: RB7709

1. Remove the front spring as per instructions in the workshop manual.
2. Replace the plastic bush UKC329 with white Deirin bushing provided.
3. Discard rubber washer ULC2043 and UKC9395 steel washer
4. Place one steel washer provided in places of the rubber washer ULC2043.
5. Lightly lubricate the needle bearing with wheel bearing grease and install bearing on top of steel washer in step 4.
6. Place second steel washer on top of the needle bearing and reassemble the strut. Now repeat the same operation for the other side.
