A BRITISH COMPANY SUPPORTING BRITISH CARS

Helping you care for your Freelander 2

Since the early 1980s, Rimmer Bros. has specialised in supplying parts for British cars. In 1982 we started selling Classic Triumph parts and by the mid 80's were supplying stainless steel exhaust systems for Land Rovers and other 4x4 vehicles. In 1993, we added to our range of parts catalogues when we began stocking parts for the Rover SD1.

In the summer of 2000, to celebrate 30 years of Range Rover production, we launched our parts catalogue for the Range Rover Classic. This was a natural move, as a vast number of Range Rovers are powered by the Rover V8 engine - a subject in which we specialise. This was followed by our Discovery, Discovery Series II, Discovery 3, Discovery 4, Range Rover P38a, Range Rover L322, Range Rover Sport (up to 2009), Freelander 1 up to 2006, Defender (up to 2006) and Defender (2007 on) parts and accessories catalogues. In 2005, Rimmer Bros set up an MG Rover Parts business covering all models and more recently, Jaguar 1998 on.

We are now pleased to introduce our latest parts and accessories catalogue for the Land Rover Freelander 2 (2006-2014). This catalogue lists a continuously growing range of genuine, original equipment manufacturer (OEM) and aftermarket parts. Our web site also features this catalogue and lists recently introduced products and parts updates.

Please note that our catalogue covers UK, European, North American and to a lesser extent, Rest of the World (ROW) models. Although most parts listed are common to all markets, there are sometimes specific parts for certain countries that are different to those listed herein. If unsure, please contact us quoting your full VIN number.

Our customers are owners, garages and other specialists looking for a fast, reliable source of original OEM and high quality aftermarket parts and accessories available by mail order or over the counter. We have the latest technology to ensure orders are processed efficiently and despatched promptly to wherever you are - UK or worldwide.

Our aim with this catalogue is to apply our expert parts service to the Land Rover Freelander 2, helping you to maintain and enhance your vehicle at affordable cost.

THE CARS WE SPECIALISE IN

As well as caring for your Freelander 2, we also supply parts for Range Rover, Defender, Discovery 1-5, Sport, Evoque, Freelander 1 (up to 2000), 90/110 & Land Rover 'Series' vehicles. Additionally, we also supply parts for Triumph TR2-8, Herald, Vitesse, Stag, GT6, 2000/2500/2.5Pi, Dolomite,

Rover SD1, MG Rover cars including - Rover 100/200/400/600/800/25/45/75/ZR/ZS/ZT, MGB, MGF, MG TF, Midget & Rover Mini.

In addition we are developing a range of fast moving parts for Jaguar 1996 on models. Please refer to inside rear cover.

POST

Triumph House, Sleaford Road, Bracebridge Heath,
Lincoln LN4 2NA, England

COLLECT IN PERSON

Our sales counter is open 8.30am-5.30pm

Monday-Friday and 8.30am-1pm Saturday.

We also offer a 'click and collect' service to save you time.

PAYMENT

We accept all major credit, debit and charge cards and also Paypal on orders where all items are in stock. Orders can also be pre-paid by bank transfer (in GBP/Euro/US Dollar- see website for details) or cheque (in GBP-please allow a few extra days for clearance).

If you send cash or Rimmer Bros Vouchers, please use registered mail, as we cannot accept responsibility for any loss.

PRICING

There are no prices in this catalogue. Use it to select the parts you need, then check the cost by referring to our website. Our website gives up-to-the minute information regarding availability and the price of any item.

All orders will be invoiced and charged in GBP. All goods are sold subject to the price ruling at the time of invoicing.

VAT

For details on VAT & VAT exempt sales, please refer to our website.

THE LAND ROVER PARTS SPECIALIST

PART NUMBERS & IDENTIFICATION

We identify parts so that you know what you are buying. When there are alternatives to the original Land Rover part, we use a simple numbering system so that you can select the part that best suits your needs and budget. This avoids any confusion when comparing quality and price:

- **Genuine (Land Rover boxed) part** – will have a plain number
- **OEM (original equipment manufacturer) part** – will have a P1 suffix
- **Aftermarket (reproduction) part** – will have a P suffix

In addition, there is also equivalence with certain Rover/Triumph numbers or when we use our own part number where no original part number exists.

QUOTATIONS, BACK ORDERS & SPECIAL ORDERS

Quotations

If you require a written quotation for the part(s) and/or delivery charge(s) before ordering, please contact us.

Back Orders

Back-ordered parts are not charged for until despatch. Upon despatch we will charge the price (in GBP) quoted at the time of ordering. Prices will be unaffected by any subsequent price alterations unless advised in writing to you. Please notify us in writing (letter, fax or email) if you wish to cancel any back ordered items. Back orders are automatically cancelled after 3 months. Back Ordered parts will be sent carriage free (some exclusions apply for export overseas). If you would prefer that your order is sent complete, please request this at the time of ordering.

Special Orders

Certain items (coloured trim, carpets, one-off type parts, etc) are sometimes only available by special order. This means we have to order them for you specially from the manufacturer. For this reason, we require a 20% non-refundable deposit upon taking your order. The balance is payable when the goods are despatched. Please note that special order items can take several weeks to be supplied and are non returnable.

SALES COUNTER

PARTS COLLECTION AT OUR SALES COUNTER

VEHICLE DISPLAY AT OUR SHOWROOM

DESPATCH AREA

SHIPPING

At Rimmer Bros, we opt to use the best carriers in the business to ensure your order is delivered safely, securely and on time. The shipping method and cost is based upon what you order, where you want the parts sending and how quickly you want them.

Orders are despatched as soon as practically possible. If your parts are required urgently and you want an express delivery service, please tell us.

For shipping methods and guide prices, (including packaging and handling), please refer to our website.

Shipping charges for export of oversize parcels outside the UK may need to be quoted once the order is picked and packed.

Once your order is shipped and providing we have your email address, we will email confirmation to you, including tracking information if applicable.

Delivery times will be dependent on location and delivery method selected.

Please note that certain 'hazardous' products, such as aerosols, paints, fluids and chemicals cannot be sent via post or by air freight.

RETURNS & EXCHANGE OLD UNITS

Please refer to our website for full details.

Returns

All returns must be pre-authorized with a returns authorisation (RA) number. Returned products without an RA number will be subject to delay and possible return to sender. All returns are subject to a physical inspection. **We must have received and inspected the product before an exchange or credit can be issued.**

WARRANTY & LEGAL INFO

Please refer to our website for full details.

Parts Warranty

All new and reconditioned parts are covered by a 12 month manufacturer's warranty unless specifically stated. You should notify us immediately if a potential warranty situation arises. We will then advise a course of action. Any suspected faulty part must be returned to us together with the original invoice or proof of purchase and with as much information relating to the problem as possible. **Please note that a defective part must be returned and received by us before it can be exchanged.** All warranty parts are subject to a physical inspection. This may involve returning the part to our supplier to verify the fault before it can be exchanged.

Legal Info

Errors & Omissions Excepted. Please tell us if you think something is wrong in our catalogue. All parts offered subject to availability. All part numbers, illustrations and photographs used are intended for reference and identification purposes only and are not necessarily an exact representation of the goods supplied. Photographs of parts should be considered indicative of what we supply rather than an exact representation as sources of supply and manufacture can change. Whilst we make every effort to ensure the accuracy of product descriptions, illustrations and photographs, they are based upon information supplied by the manufacturer or distributor at the time. There may be occasions - due to circumstances beyond our control - when specifications are changed, or when goods become temporarily unavailable. Certain part numbers may have been superseded to an alternative number when a later version or updated specification is offered.

Freelander 2

New Land Rover Owner, New Freelander

Following Ford's take over of Land Rover at the turn of the century, attention soon turned to next generation 4x4s that could draw more efficiently and economically on the resources of the new owning company, rather than buying in design and components from Land Rover's old stablemates of BMW and Rover.

For Range Rover, this meant re-engineering the new L322 model to rid it of its BMW powertrain as soon as reasonably possible. Defender, which used little from Rover or BMW, would carry on much as before, though in the medium term its Land Rover built TD5 engine would be replaced by a more modern (i.e. more emissions-friendly) Ford diesel. For Discovery, it meant new engines and a new platform for the next model, Discovery 3, which would be shared with a Range Rover Sport model and other Ford-family vehicles as well. For Freelander, similar developments to the Discovery would be planned and that's exactly what happened... just a little earlier than intended.

The First Halewood Built Land Rover

For a start, the New Freelander 2, project 'L359', would be designed around a platform shared with, but modified from, that which underpinned the Jaguar X Type and Ford Mondeo. Platform sharing and power train sharing is increasingly a necessary part of the economics of car design and manufacture and the Freelander 2 would have key aspects governed by this strategy. Yes, it would have a choice of Ford power plants, but just as crucially it would move away from the original Freelander's Intermediate Reduction Drive (IRD) method of providing four wheel drive, replacing it with The Swedish Haldex system shared with the upcoming new Volvo models. Volvo, like Jaguar and Land Rover, was also a part of Ford's Premier Automotive Group at the time and was scheduled to use the Freelander 2 platform in forthcoming models.

Ford's Halewood (Merseyside) factory, famous in previous decades as the home of the Ford Escort, had moved away from Ford badged products and had been building the Jaguar X Type for some years. The Freelander 2's and X Type's shared platform made them ideal for sharing a factory as well so it wasn't surprising when it was announced that from the launch, Freelander 2 would be built at Halewood. The X Type had originally been projected to sell at 100,000 units per year but in reality only managed half of that, so the Halewood plant was under-utilised; another deciding factor in the decision on where to build Freelander 2. New ground was broken; all previous UK-built Land Rovers, including the original Freelander, had emerged from the Lode Lane factory in Solihull.

An Early Start for Freelander 2

The demise of MG Rover in May 2005 is well documented elsewhere. From the point of view of Land Rover, though, that meant the demise of the supplier of two out of the three engines used in the original Freelander - and one of these engines was the only one offered in the vital North American market. Something of a buffer stock of power units had been built up in the months beforehand and this allowed production of the car to continue until 2006. Very fortuitously, Freelander 2 development was such that without too much disruption the launch could be brought forward to later in 2006 to provide an almost seamless transition to the new model.

Making its debut at the British International Motor Show that year, the Freelander 2 was well received by the press and public alike. The new Haldex 4 wheel drive system worked superbly, as did the ingenious Terrain Response system which was fitted to all but base line models. The new car's Land Rover levels of 4 wheel drive ability and credibility would be assured. A Ford/Peugeot 2.2 litre turbo diesel 'TD4' replaced the BMW diesel and Rover K Series petrol engines from the old car in most markets, while a 3.2 litre in-line 6 cylinder petrol (from Volvo) replaced the KV6 petrol in North America. Build quality was significantly and obviously improved from that of the original Freelander and the style and equipment of the car was praised - though the interior style got a better reception than the exterior, which was found by some to be a bit bland and styled more for a road-going life, lacking the ruggedness of a 'proper' offroader, which Freelander 2 undoubtedly was.

For North America, the 'Freelander' name was dropped too, the car being badged 'LR2' to fall in line with the larger Discovery model which was known there as LR3.

Surviving the World Financial Crash

In short order after the successful launch of Freelander 2 came the financial crash of 2007-8 which, amongst other effects, holed the new car sales market below the waterline, worldwide. Larger cars - including of course all Land Rover products - were particularly badly hit and Land Rover, like its contemporaries, struggled to maintain its business.

One of those contemporaries was Ford, Land Rover's parent company. Ford was recording huge losses, mainly attributable to its poor home (USA) market performance. As companies often do in such circumstances, Ford decided to concentrate on its core business - and that meant that Jaguar and Land Rover (and the other remaining member of the Premier Automotive Group, Volvo) had to be sold. Jaguar and Land Rover found themselves going to new owners Tata Motors of India.

2010 and a New Look on the Outside

Straight away, Tata showed themselves to be good custodians of Jaguar Land Rover ('JLR') and the fortunes and the very British characters of the marques - Land Rover in particular - went from strength to strength.

Tata ensured that, despite the global financial near-meltdown, resources continued to be freely available for product development, ensuring that Land Rover would be as strong as possible to fight its corner in a difficult market. This would become apparent in the incredible feat of launching four significantly facelifted product ranges - Range Rover, Range Rover Sport, Discovery and Freelander 2 - at the same time, for the 2010 model year. The updated Freelander 2 got a heavily revised TD4 diesel engine, still of 2.2 litres. While the engine offered slightly less power, the torque was significantly increased, improving mid-range response and helping much more relaxed cruising. At the same time a new SD4 diesel option with a useful power increase of 30 bhp raised performance to a level uncomfortably close to the far less economical 6 cylinder petrol model.

While on the subject of engines, the year before had seen the launch of the TD4e, a manual gearbox model with stop/start technology to cut emissions and fuel consumption. Freelander 2 was the first 4x4 sports utility in the world to have this feature.

Back to 2010, the facelifted Freelander 2 was notable for its sharpened, fashionable exterior image, which included new lights, grilles and bumpers that featured the latest house styling cues of the new Range Rovers and Discovery.

For 2011, another first for Land Rover: a 2 wheel drive car. The Freelander 2 eD4 was a new manual gearbox, base line model without 4 wheel drive, Terrain Response or Hill Descent Control.

By 2012, Freelander 2 had an upmarket stablemate in the form of the new baby Range Rover, the Evoque, once more a platform sharing exercise but this time sharing a great deal more besides. This premium offshoot of Freelander 2 would soon become Land Rover's best selling car.

Showing their great similarity under the skin, the Freelander 2 and Evoque models would be built side-by-side on the production lines in Halewood. Freelander 2 was also assembled from completely knocked down (CKD) kits in India and Jordan (Evoque would eventually also be built overseas - including using local content - in China and Brazil).

The launch of the Evoque saw the end of the by now quite venerable 3.2 litre Volvo petrol engine in the Freelander 2, replaced for the North American market by the Evoque's newer technology (and more emissions regulations friendly) 2.0 litre 4 cylinder turbocharged petrol unit.

2013 And A New Look On The Inside

The last significant changes to Freelander 2 came for the 2013 model year, when a new interior with an updated centre console and new switchgear made its appearance. Technological updates were aplenty, including Passive Start (keyless ignition) on all models, plus a reversing camera and voice controlled radio/satellite navigation on premium versions.

Freelander Joins The Discovery Family

Freelander 2 came to the end of its production life in late 2014 and, as it happened, that was the end of the Freelander name, too. The replacement model would, in Land Rover's marketing strategy, become a part of the Discovery family and would be known as Discovery Sport.

The original Freelander was a huge sales success for Land Rover, despite the early quality issues and the K Series petrol engine failure reputation that refused to go away, even after Land Rover had worked hard on effective solutions for it. Freelander 2 built considerably on that success, selling an average of 52,000 cars per year in every full year of production - a figure that in Land Rover models only the Range Rover Evoque has since bettered. The quality was right up to the mark too, only a relatively small incidence of diesel engine failures and fuel pump failures, later attributed to poor or missed servicing and sub-standard fuel respectively, ever blotted Freelander 2's record. It was a really good car in every way and, with second hand prices now falling, it still makes a great proposition today.

VEHICLE IDENTIFICATION

VEHICLE PRODUCTION SUMMARY

2007 Model Year

Freelander 2/LR2 production begins in late 2006, while its public debut takes place in that year at the British International Motor Show. Two engine options are available: Ford/Peugeot's 2.2 litre turbo diesel (all markets except USA, Canada and Mexico) and Volvo's 3.2 litre six cylinder petrol (not UK/Europe). Most are mated to a 6 speed automatic transmission, the only exceptions being some diesel models where a six speed manual gearbox is still an option. All diesels are initially badged 'TD4'. The model name chosen is 'Freelander 2' for most markets, though the USA, Canada and Mexico call the car 'LR2' to fall in line with North American marketing strategy, where sister model Discovery 3 is badged as 'LR3'.

2009 Model Year

This year would see the launch of the TD4e, a manual gearbox diesel model with stop/start technology to cut emissions and fuel consumption. Freelander 2 was the first 4x4 sports utility in the world to have this feature, which would be extended out over most engine and gearbox combinations in the range during following years.

That year would also see the introduction of a heavily revised version of the Freelander 2's Haldex 4 wheel drive 'intelligent' centre coupling.

2010 Model Year

The TD4 model receives a revised diesel engine, still of 2.2 litres, offering slightly less power but significantly increased torque for improved mid-range response and more relaxed cruising. A new SD4 version of the diesel engine offers an extra 30 bhp and performance almost equalling the far less economical 6 cylinder petrol model.

The re-engined 2010 Freelander 2 was made recognisable by an exterior facelift, consisting of new lights, grilles and bumpers, bringing it in line with the family styling details of the also newly facelifted Range Rover, Range Rover Sport and Discovery.

2011 Model Year

New base-line diesel model introduced with (for the first time on a Land Rover) 2 wheel drive, badged as economy conscious eD4 (not to be confused with TD4e models with stop/start technology). The eD4 would also lack some other features, primarily doing without the Terrain Response system.

2012 Model Year

The 3.2 litre petrol engine available in some markets (the biggest being the North American countries, where a diesel variant wasn't offered) is replaced by the much newer 2.0L 'GTDi' turbo petrol unit. This engine, which also powered export petrol versions of the newly announced Range Rover Evoque, brought a welcome improvement in economy in petrol Freelander 2s whilst also offering sharper, more responsive performance.

2013 Model Year

The Freelander 2's interior finally receives a facelift, three years after the outside of the car. It's instantly recognised by an updated centre console and new switchgear, while not-so-visible Technological advances would include Passive Start (keyless ignition) on all models, reversing cameras plus voice controlled Meridian audio radio and satellite navigation on premium models.

2015 Model Year

Very minor trim and colour changes mark the 2015 model year, which hardly gets under way before production of Freelander 2 ceases in late 2014. The replacement model, Discovery Sport, begins production shortly afterwards.

To ensure the parts that you order are correct for your Freelander 2, you will need to know most importantly the VIN (vehicle Identification Number). Engine number, gearbox and axle numbers are mostly not required.

VIN (Vehicle Identification Number)

The last six characters of the VIN are the serial number of your car. However, the VIN also provides you with considerably more useful information, most importantly the model year of your car (most changes in production relate to model years).

It will also tell you the original factory specification of your car. The complete VIN can be broken down thus:

UK, EUROPE & REST OF WORLD MODELS

(NOT USA, CANADA OR MEXICO)

- 1st, 2nd & 3rd characters - SAL = Jaguar Land Rover
- 4th Char. (marque/model) - F = Land Rover Freelander 2
- 5th Character (Class) - A = Standard - 4 Wheel Drive
B = Standard - 2 Wheel Drive
- 6th Character (body type) - 2 = 4 door station wagon
4 = Commercial
- 7th Char. (steering & g/box) - A = RHD automatic
B = LHD automatic
C = RHD manual
D = LHD manual
- 8th Character (engine) - A = 3.2L 6 cyl petrol
B = 2.2L diesel (low power)
C = 2.2L diesel with cDPF (low power)
D = 2.2L diesel (high power)
E = 2.2L diesel with cDPF (high power)
G = 2.0L turbo petrol
O-9 or X = calculated
- 9th Char. (check digit) - 7 = 2007 model year
8 = 2008 model year
9 = 2009 model year
A = 2010 model year
B = 2011 model year
C = 2012 model year
D = 2013 model year
E = 2014 model year
F = 2015 model year
- 10th Character (model year) - H = Halewood, UK
L = Pune, India
- 11th Character (mfg. plant) - H = Halewood, UK
L = Pune, India
- 12th to 17th Characters - 999999 = serial number

Example:

A vehicle showing SALFA2CCX9H123456 is -
Jaguar Land Rover, Land Rover, Freelander 2, Standard 4 wheel drive, 4 Door Station Wagon, RHD manual, 2.2L diesel with cDPF (low power), 2009 Model Year, Halewood Plant, serial no. 123456.

USA, CANADA AND MEXICO ONLY

- 1st, 2nd & 3rd characters - SAL = Jaguar Land Rover
- 4th Char. (marque/model) - F = Land Rover LR2
- 5th Character (NAS trim level & restraint type) - J = S level
P = SE level
R = HSE level
S = SE plus Technology Pack
T = HSE/Lux plus Tech. Pack (all trim levels fitted with manual belts, driver & passenger frontal airbags, 1st & 2nd row side airbags & driver's knee airbag)
- 6th Character (body type) - 2 = 4 door station wagon
- 7th Char. (steering & g/box) - B = LHD automatic
- 8th Character (engine) - A = 3.2L 6 cyl petrol
G = 2.0L turbo petrol
- 9th Char. (check digit) - O-9 or X = calculated
- 10th Character (model year) - 7 = 2007 model year
8 = 2008 model year
9 = 2009 model year
A = 2010 model year
B = 2011 model year
C = 2012 model year
D = 2013 model year
E = 2014 model year
F = 2015 model year
- 11th Character (mfg. plant) - H = Halewood, UK
- 12th to 17th Characters - 999999 = serial number

Example:

A vehicle showing SALFP2BGXDH123456 is -
Jaguar Land Rover, LR2, SE level, 4 door station wagon, LHD automatic, 2.0L turbo petrol, 2013 model year, Halewood plant, serial no. 123456.

VEHICLE IDENTIFICATION NUMBER (VIN) & MAJOR UNIT SERIAL NUMBERS

Where the vehicle identification number (VIN) is located on the Freelander 2:

1. Stamped on the body just forward of the spare wheel well.
2. At the bottom of the windscreen glass on the LH side of the vehicle, visible from the outside.
3. (UK, Europe and Rest of World) On a plate attached to the front of the LH B post. The tyre data/specification label is on the front of the RH B post.
4. (USA, Canada & Mexico only) On the tyre data/specification label attached to the front of the LH B post.

Engine Number, Gearbox Number, Transfer Box Number, Front & Rear Axle Numbers

In contrast to earlier models, the major unit serial numbers on Freelander 2s have little significance when determining what parts to order or use. Most powertrain and all drivetrain change points on these vehicles are documented by VIN only in Land Rover parts catalogues.

YOUR VEHICLE DETAILS

Enter your vehicle details here for easy reference
Required for parts purchasing

Vehicle Identification Number (VIN):

IMPORTANT NOTE

Wherever identification/serial numbers are quoted in this catalogue to help you distinguish change points between the fitment of different components, they relate to the Original Factory Specification or Component when the vehicle was new, and not to subsequent miscellaneous replacements

	Genuine	1	LR002610

Nut - Locking

All models <i>M14, track rod end</i>			
	Genuine	2	LR000049

Nut - Adjusting

All models <i>M18, track rod end to track rod</i>			
	Genuine	2	LR002615

Reservoir - Power Steering

All models	Aftermarket	1	LR000578P
	Genuine	1	LR000578

Cap - Power Steering Reservoir

All models	Genuine	1	LR000758
------------	---------	---	-----------------

Cooling Coil - Power Steering

All RHD 2.0L turbo petrol models			
	Genuine	1	LR038227
All LHD 2.0L turbo petrol models up to (VIN) CH290073			
	Genuine	1	LR032054
from (VIN) CH290074 on			
	Genuine	1	LR038227

Rotary Coupling - Steering column

All models up to (VIN) AA999999			
	Genuine	1	LR010681

Hose Power Steering

<i>Reservoir to pump</i>			
All LHD 2.0L turbo petrol models			
	Genuine	1	LR044292

O Ring Power Steering Hose

<i>11mm dia., supply & return hoses</i>			
All models	Genuine	1	LR009346

Bracket, Power Steering Pump

All 3.2L 6 cyl petrol models			
	Genuine	1	LR014429

Screw, Steering Column

<i>Vibration damper to column</i>			
All diesel models	Genuine	3	QYP500100

Fluid, Power Steering - 1 Litre

All models	Genuine	a/r	LR003401

	DESCRIPTION	QTY REQ.	PART No.
Service Kits	Exhaust Sensors		
Filtration	Exhaust Gas Pressure Sensor		
	<i>For diesel particulate filter (DPF), excludes wires and pipes</i>		
Drive Belts	All 2.2L diesel models up to (VIN) AH999999		
	Aftermarket	1	LR008463P
	Genuine	1	LR008463
Wipers	All 2.2L diesel models up to (VIN) AH999999		
	Aftermarket	1	LR007083P
	Genuine	1	LR007083
Alternators	Exhaust Gas Temperature Sensor		
Starter Motors	All 2.2L 4 cyl diesel models up to (VIN) AH999999 (<i>Pre-catalyst</i>)		
	Genuine	2	LR005499
Battery	from (VIN) BH000001 on (<i>Pre-catalyst</i>)		
	Genuine	1	LR005499
Suspension	Exhaust Temperature Sensor		
	All 2.2L diesel models from (VIN) BH000001 on with Stage IV plus DPF, Stage V plus DPF, Proconve L6 or EU5 plus DPF emissions		
Braking	Front	Genuine	1 LR015455
Clutch	Exhaust Pressure Sensor		
	All 2.2L diesel models with diesel particulate filter (DPF) from (VIN) CH000001 on		
	Genuine	1	LR070166
Transmission	Manifold Absolute Pressure Sensor		
Engine & Gearbox Mountings	All 2.2L diesel models		
	Aftermarket	1	LR001324P
	OEM	1	LR001324P1
	Genuine	1	LR001324
Cooling	All 3.2L 6 cyl petrol models		
	Genuine	1	LR002566
Steering	Oxygen Sensor		
Lighting	All 2.0L TIVCT turbo petrol models		
	Rear	Aftermarket	1 LR028931P
		Genuine	1 LR028931
Exhaust Sensors	Pre-catalyst	OEM	1 LR001370P1
		Genuine	1 LR001370
EGR	All 2.2L diesel models		
	Pre-catalyst	OEM	1 LR001370P1
		Genuine	1 LR001370
Cables	All 3.2L 6cyl petrol models		
	Lower	Genuine	2 LR005793
	Upper	Aftermarket	2 LR001459P
	Pre-catalyst	OEM	1 LR001459P1

DESCRIPTION	QTY REQ.	PART No.
Cables		
Bonnet Release Cable		
All models	Genuine	1 LR006614

Downpipe & Catalyst		
All 2.0L GEN1 turbo petrol models		
Primary	Genuine	1 LR067412
All 2.2L 4 cyl diesel models from (VIN) BH000001 on without diesel particulate filter		
Genuine	1	LR044108
with diesel particulate filter		
Genuine	1	LR044105
Exhaust Manifold & Catalyst		
All 3.2L 6 cyl petrol models		
Cyls 1, 2 & 3	Genuine	1 LR001967
Cyls 4, 5 & 6	Genuine	1 LR001968
Exhaust Front Pipe & Catalyst		
All 3.2L 6 cyl petrol models		
Genuine	1	LR006148
Diesel Particulate Filter		
All 2.2L diesel models with diesel particulate filter up to (VIN) AH999999 - Without sensor		
Genuine	1	LR006765
from (VIN) BH000001 on - Without sensor		
Genuine	1	LR022070

Exhaust Cont'd

Front Exhaust Pipe

All 2.2L 4 cyl diesel models without diesel particulate filter		
Genuine	1	LR006716
up to (VIN) AH999999 with diesel particulate filter		
Genuine	1	LR006010

Front Pipe & Silencer - Inc.mountings

All 2.2L 4 cyl diesel models without diesel particulate filter		
Genuine	1	LR018388

Vibration Damper - Exhaust front pipe

All 2.2L 4 cyl diesel models without diesel particulate filter		
Genuine	1	LR006722

Intermediate Pipe

All 2.0L TIVCT turbo petrol models		
Genuine	1	LR044107

Intermediate Pipe & Silencer

All 3.2L 6 cyl petrol models		
Aftermarket	1	LR041950P
Genuine	1	LR041950

Rear Pipe & Silencer

All 2.0L TIVCT turbo petrol models		
Genuine	1	LR052129
All 2.2L 4 cyl diesel models with diesel particulate filter		
Aftermarket	1	LR056692P
Genuine	1	LR056692
All 3.2L 6 cyl petrol models		
Aftermarket	1	LR041444P
Genuine	1	LR041444

Tail Pipe Finisher

All petrol models		
Bright finish	Genuine	2 LR000956
All models with single tailpipe exhaust system		
LH	Genuine	1 LR061676
All models with dual tailpipe exhaust system		
Chrome finish		
RH	Genuine	1 LR061679
LH	Genuine	1 LR061680

Gasket - Primary to secondary catalysts

All 2.0L TIVCT turbo petrol models		
Genuine	1	WCM500120

Catalyst Gasket

<i>Turbocharger to catalyst flange</i>		
All 2.0L TIVCT turbo petrol models		
Genuine	1	LR025110

Exhaust Manifold Gasket

Manifold to head		
All 2.0L TIVCT turbo petrol models		
Genuine	1	LR025852
All 2.2L 4 cyl diesel models up to (VIN) AH999999		
Aftermarket	1	LR001315P
Genuine	1	LR001315
Exhaust manifold to turbocharger		
All 2.2L 4 cyl diesel models up to (VIN) AH999999		
Genuine	1	LR006618
All 3.2L 6 cyl petrol models		
Genuine	2	LR018167

Inlet Manifold Gasket - Manifold to head

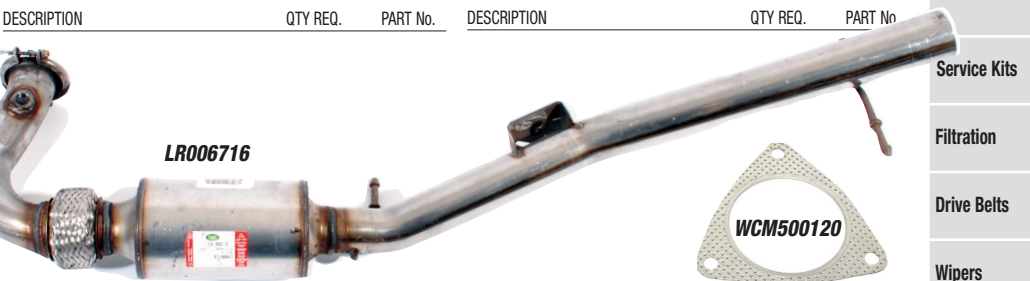

All 2.0L TIVCT turbo petrol models		
Genuine	4	LR024991
All 3.2L 6 cyl petrol models		
OEM	6	LR001454P1
Genuine	6	LR001454

Manifold Gasket - Exhaust manifold to head

All 2.2L diesel models from (VIN) BH000001 on		
Aftermarket	1	LR022333P
Genuine	1	LR022333

Exhaust Manifold Gasket

<i>Manifold to turbocharger</i>		
All 2.2L 4 cyl diesel models		
Genuine	1	LR025920

Gasket - Diesel particulate filter to front pipe

All 2.2L diesel models with diesel particulate filter		
Genuine	1	WCM500120

Gasket Set - Manifold, inlet

All 2.2L diesel engine models		
Genuine	1	LR005364

Exhaust Gasket

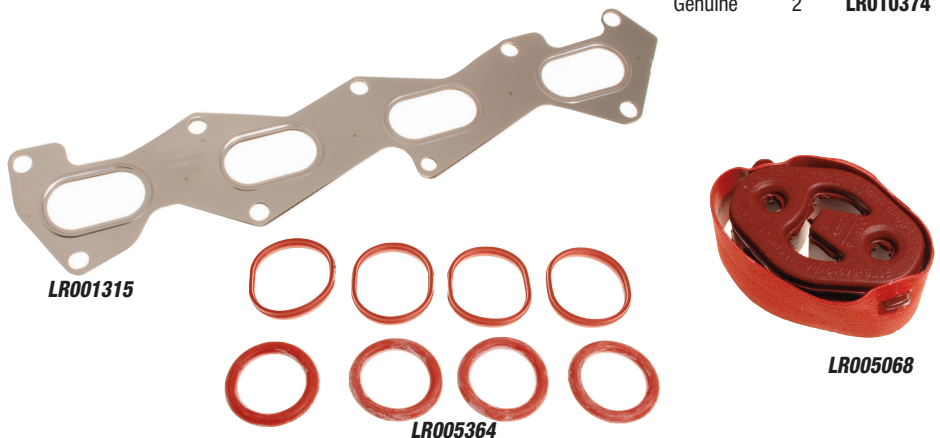

All 3.2L 6 cyl petrol models		
Catalyst to front pipe		
Genuine	2	LR000957
Catalyst to intermediate pipe		
Genuine	1	LR001816

Mounting Bracket

All 2.0L TIVCT turbo petrol models		
Catalyst to front mounting		
Large side	Genuine	1 LR024234
Small side	Genuine	1 LR028996
Downpipe, double mounting		
Genuine	1	LR032121
All 2.2L 4 cyl diesel models up to (VIN) AH999999		
Intermediate pipe	Genuine	1 LR006012
Centre mounting to floor		
Genuine	1	LR000959
All 2.2L 4 cyl diesel models without diesel particulate filter from (VIN) BH000001 on		
Centre mounting to floor		
Genuine	1	LR022353
All 2.2L 4 cyl diesel models with diesel particulate filter from (VIN) BH000001 on		
Centre mounting to floor		
Genuine	1	LR022355
All 3.2L 6 cyl petrol models		
Centre mounting to floor		
Genuine	1	LR000960

Mounting Rubber

All models		
Oval type hanger rubber, two pin fixing		
Genuine	a/r	LR000593
Oval type hanger rubber, solid, two pin fixing, rear silencer, RH side only		
Genuine	1	LR004549
All diesel models		
Oval type hanger rubber, open cell, two pin fixing, front pipe		
Genuine	1	LR005068
All 2.0L TIVCT turbo petrol models		
Diamond section, rear silencer, both sides		
Genuine	2	LR017444
All 2.2L 4 cyl diesel models		
Diamond section, rear silencer, both sides		
Genuine	2	LR017444
All 3.2L 6 cyl petrol models		
Oval type hanger rubber, solid, two pin fixing, rear silencer		
Genuine	2	LR000958

Exhaust Clamp

All petrol models		
<i>Sleeve type, intermediate pipe to rear pipe</i>		
Genuine	1	LR000953
All 2.0L TIVCT turbo petrol models		
<i>Front pipe to intermediate pipe</i>		
Genuine	1	LR003178
All 2.2L 4 cyl diesel models		
<i>Turbocharger to catalyst</i>		
Genuine	1	LR001115
All 2.2L 4 cyl diesel models		
<i>Front pipe to intermediate pipe</i>		
Genuine	1	LR003178

Bolt - M8 x 31mm, front pipe to catalyst/manifold

All 2.0L TIVCT turbo petrol models	8	LR005738
All 3.2L 6 cyl petrol models	8	LR005738

Heat Shield

All models		
Front pipe to tunnel front		
Genuine	1	LR020429
Exhaust to centre tunnel		
Genuine	1	LR000882
Luggage floor	Genuine	1 WEB500300
All petrol models		
Exhaust to fuel pipe		
Genuine	1	LR003824
All 2.0L TIVCT turbo petrol models		
Exhaust manifold	Genuine	1 LR025679
Grass shield, underside of second catalyst		
Genuine	1	LR032162
Oxygen sensor	Genuine	1 LR032384
All 2.0L TIVCT turbo petrol models with body kit from (VIN) DH000001 on		
Exhaust to rear bumper		
Genuine	1	VPLFT0096
All 2.2L 4 cyl diesel models		
Grass shield, underside of exhaust, front half		
Genuine	1	LR006156
All 2.2L 4 cyl diesel models up to (VIN) 7H003232		
Exhaust to tunnel front		
Genuine	1	LR002628
All 2.2L 4 cyl diesel models up to (VIN) AH999999		
Exhaust manifold	Genuine	1 LR005295
All 2.2L diesel models from (VIN) BH000001 on		
Exhaust manifold		
lower	Genuine	1 LR022338
upper	Genuine	1 LR100013
All 3.2L 6 cyl petrol models up to (VIN) 7H003232		
Exhaust to tunnel front		
Genuine	1	LR002628
All 3.2L 6 cyl petrol models - Exhaust manifold		
Genuine	1	LR003270

Bolt - Exhaust manifold heat shield

All 2.2L 4 cyl diesel models up to (VIN) AH999999		
Genuine	2	LR010374

Petrol Injection Parts

Fuel Injector

All 2.0L TIVCT turbo petrol engines		
OEM	4	LR072564P1
Genuine	4	LR072564
All 2.0L TIVCT turbo petrol engines		
Genuine	4	LR082008
All 3.2L 6 cyl petrol engine		
Genuine	6	LR001982

Injector Refit Kit

All 2.0L TIVCT turbo petrol engines		
Genuine	1	LR033977
Genuine	4	LR037089
All 3.2L 6 cyl petrol engine		
Genuine	6	LR003579

Fuel Rail

All 2.0L TIVCT turbo petrol engines		
Genuine	1	LR025853
All 3.2L 6 cyl petrol engine		
Genuine	2	LR004600

Fuel Pressure Sensor

All 2.0L TIVCT turbo petrol engines		
OEM	1	LR024969P1
Genuine	1	LR024969
3.2L 6 cyl petrol engine OEM	1	LR015294P1
Genuine	1	LR015294

Fuel Feed Pipe

All 2.0L TIVCT turbo petrol engines		
Genuine	1	LR101734

O Ring Fuel Rail

All 3.2L 6 cyl petrol engine		
Genuine	1	LR000504

Diesel Injection Parts

Glow Plug

All 2.2L diesel engines to (VIN) AH999999		
Aftermarket	4	LR001302P
Genuine	4	LR001302
All 2.2L diesel engines From (VIN) BH000001		
OEM	4	LR022300P1
Genuine	4	LR022300

Glow Plug Harness

All 2.2L diesel engines	Genuine	1	LR001303
-------------------------	---------	---	-----------------

Fuel Injector

All 2.2L diesel engines to (VIN) AH999999	OEM	4	LR001325P1
from (VIN) EH000001 - 420 Newton Metre			
	OEM	4	LR056366P1
Remanufactured	Genuine	4	LR056366

Fuel Injection Pump

All 2.2L diesel engines		
from (VIN) 7H033919 to 9H999999		
OEM	1	LR009296P1
Genuine	1	LR009296
from (VIN) DH753752		
OEM	1	LR047217P1
Genuine	1	LR047217
Remanufactured	1	LR093850
<i>Except Russia, China and Brazil</i>		

Fuel Injection Pump Gasket

All 2.2L diesel engines	Genuine	1	LR009028
<i>Pump to Engine.</i>			

Fuel Rail

All 2.2L diesel engines to (VIN) AH999999	Genuine	1	LR001321
from (VIN) BH000001	Genuine	1	LR022334

Fuel Spill Rail Extension Pipe

All 2.2L diesel engines from (VIN) BH000001		
Genuine	1	LR022350

Fuel Injector Sealing Washer Lower

All 2.2L diesel engines to (VIN) AH999999			
2.0mm, Lower	Genuine	4	LR066427
1.5mm, Lower	Genuine	4	LR000684
All 2.2L diesel engines from (VIN) BH000001			
Lower	Genuine	4	LR032818

Fuel Injector Retainer

All 2.2L diesel engines	Genuine	4	LR001297
-------------------------	---------	---	-----------------

Fuel Pumps & Sender Units

Fuel Pump

2.0L TIVCT turbo petrol		
from (VIN) DH000001 with auxiliary heater		
Genuine	1	LR041170
from (VIN) CH000001 with PTC heater		
OEM	1	LR036126P1
Genuine	1	LR036126
from (VIN) CH000001		
Genuine	1	LR025599
Auxiliary heater		
(VIN) EH393192 to FH429286		
Genuine	1	LR061883
from (VIN) FH429287		
Genuine	1	LR068225

Fuel Pump with Bracket

Auxiliary heater (VIN) 7A0022766 to EH393191		
OEM	1	LR006155P1
Genuine	1	LR006155

Fuel Sender

2.2L diesel, from (VIN) CH301376		
RH	OEM	1 LR038602P1
LH	Genuine	1 LR038722
2.0L TIVCT turbo petrol engine from CH000001		
RH	Genuine	1 LR036125
3.2L 6 cyl petrol from (VIN) CH298185		
LH	Genuine	1 LR038723

Fuel Pump Acoustic Cover

2.0L TIVCT turbo petrol	Genuine	1	LR076513
-------------------------	---------	---	----------

Fuel Pump Heatshield

2.0L TIVCT turbo petrol from (VIN) EH384086		
Genuine	1	LR056565

Fuel Pump Housing

2.0L TIVCT turbo petrol from (VIN) CH000001, engine numbers after 071111153004		
Genuine	1	LR035936

Fuel Pump Housing Seal

2.0L TIVCT turbo petrol from (VIN) CH000001, engine numbers after 071111153004		
Eurospare	1	LR034323P
Genuine	1	LR034323

Fuel Sender Cover

2.0L TIVCT turbo petrol from (VIN) CH000001		
Genuine	1	LR026195
Genuine	1	LR036127

Fuel Pump Mounting

2.0L TIVCT turbo petrol from (VIN) CH000001, Engine number pre 071111153004		
Genuine	1	LR025676

Fuel Pump Tappet

2.0L TIVCT turbo petrol from (VIN) DH000001		
Genuine	1	LR038311

Fuel Pump Housing Gasket

2.0L TIVCT turbo petrol pre 071111153004 engine numbers		
Genuine	1	LR025257

Fuel Pump Mechanical O Ring

2.0L TIVCT turbo petrol from (VIN) CH000001		
Genuine	1	LR107899

Fuel Tank & Parts

Fuel Tank

2.0L TIVCT turbo petrol from (VIN) DH000001, extended onboard vapour recovery system		
Genuine	1	LR041168
with fuel fired heater		
Genuine	1	LR041169
2.2L diesel from (VIN) DH368435		
Genuine	1	LR053799

Fuel Tank Bracket Plate

2.2L diesel from (VIN) AH180238,		
3.2L petrol from (VIN) AH180238,		
2.0L TIVCT petrol from (VIN) CH000001		
RH	Genuine	1 LR021554
LH	Genuine	1 LR021557

Fuel Tank Tunnel Heatshield

2.2L diesel from (VIN) DH346948,		
2.0L TIVCT petrol from (VIN) DH334587		
Genuine	1	LR048133

Fuel Tank O Ring Fuel Pick Up

2.2L diesel, 2.0L TIVCT turbo petrol, 3.2L 6 cyl petrol		
Genuine	1	LR000966

Manifolds

Inlet Manifold

All 2.2L diesel engines to (VIN) AH999999	Genuine	1	LR006680
from (VIN) BH000001			
Genuine	1	LR019987	
All 3.2L 6 cyl petrol models	Genuine	1	LR006008

Throttle Body

2.0L TIVCT turbo petrol, Halewood Built from (VIN) CH000001			
OEM	1	LR024970P1	
Genuine	1	LR024970	
2.2L diesel from (VIN) 9H000001			
Aftermarket	1	LR012598P	
Genuine	1	LR012598	
3.2L 6 cyl petrol	Genuine	1	LR006977

Throttle Body Seal to Inlet Manifold

2.0L TIVCT turbo petrol from (VIN) CH000001		
Genuine	1	LR024989
3.2L 6 cyl petrol, to manifold		
Genuine	1	LR001462

Roof Rails

Roof Rails

For Non Panoramic Sunroof vehicles.

Pair Britpart
Genuine

LR002417BP
LR006608

Roof Cross Bars

Roof Cross Bars - Clamp Style

For vehicles without fitted roof rails.

Thule - Pair Britpart

LR002417BPNORAIL

Cycle Carrier

Thule Roof Mounted

The smartest, most elegant solution for loading and transporting a bike on the roof. The self-adjusting and upright frame holder into which the bike automatically slides, makes bike loading easy.

Adjusting and securing is done comfortably and quickly, with a turning knob, at roof height.

Quick-Release straps, adjustable for different wheel sizes, hold the wheels securely in place.

Light and convenient aluminium design.

Can easily be fitted on either side of the car roof. Lockable-bike to bike carrier; bike carrier to load carrier.

Best in test.

Fits frame dimensions up to 100mm.

Holds 1 bike. Mounts to roof rail crossbars. Lockable.

Cycle Carrier - Roof Mounted

For vehicles with fitted crossbars.

Thule

VPLFR0091BP

Mont Blanc Roof Mounted

Stable easy-to-use roof mounted cycle holder.

Frame holder with quick attachment for easy fitting without tools.

Takes frame diameters from 25mm up to 80mm.

Wheels rest in adjustable wheel holders and are fastened with strong securing straps.

Lockable to roof rack as well as bicycle.

Can be fitted on all standard load bars and aluminium profiles.

Holds 1 bike.

Mounts to roof rail crossbars. Lockable.

Cycle Carrier - Roof Mounted

For vehicles with fitted crossbars.

Mont Blanc Scott

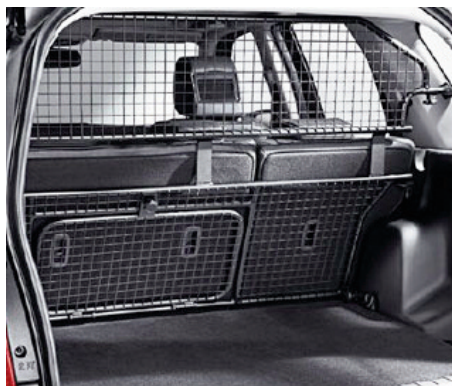

RX1596BPSCOTT

Outdoor Car Cover

The Galactic premium outdoor car cover is manufactured from heavy duty polyester with a superior satin finish. The resultant material has a very high tear strength combined with excellent water repellency and UV protection. This is enhanced by a waterproof membrane and heat sealed seams. The excellent waterproofing and breathability of the outer shell is combined with a soft moisture resistant fleece lining to provide the ultimate protection.

Galactic Outdoor Car Cover

Galactic Outdoor Car Cover

RA2113G

The Eclipse outdoor car cover is made from polypropylene with a breathable membrane. The four-layer construction consists of two non-woven top layers which gives good UV protection and water repellency. The third layer is a breathable/ waterproof film, and the fourth is a non-woven soft inner lining for scratch resistance.

LYNX EVO
DIAGNOSTIC TOOL

Lynx Evo - Ideal for the workshop & home user*

Key Features:

- Read & display live data
- Mobile device based
- Easy to use
- Unlocked ready to cover an entire Land Rover model family
- Upgrade software over app store
- Quickly checks your Land Rover for faults
- Small enough to store in glove box

What does Lynx Evo do?

- Read fault codes
- Clear fault codes
- Read & display live data
- Test actuators
- Programming - such as alarm settings, key fobs etc. on selected models
- Service reset

What is Lynx Evo?
Lynx Evo is the next generation diagnostic tool for Land Rover vehicles. Offering market leading diagnostics from a powerful and mobile design. Lynx Evo provides full vehicle servicing and in depth diagnostic capability for all Land Rover models from 1990 through to current day. Ideal for the workshop and home user. Live data can also be displayed using numerics and graphics making it easier to read time based events on your Land Rover. This small but powerful Dongle requires no batteries as it uses the vehicles power. For the enthusiast home user, using Lynx Evo will mean no more trips to your local main dealer to clear any faults on your Land Rover. Lynx Evo is compatible with iOS and Android mobile devices with apps available for download from the Apple App Store and Android Play Store. As the software is App Store based and is loaded onto your mobile device, updates are as easy to do as any other mobile app, simply click the update icon. Lynx Evo is manufactured by the company who supply Land Rover with their T4H Legacy diagnostic product.

**Not suitable for USA, Australia or New Zealand.*

Engine Oils

5W-30 Fully Synthetic Oil

High quality low viscosity mineral motor oil, blended with advanced technology additives to give high anti-wear and detergency properties, thus providing longer engine life and maintaining maximum performance.

Features & Benefits:

- Easier starting
- Rapid circulation from cold
- Lower emissions
- Improved MPG potential

Carlube 5W-30 Fully Synthetic

Suitable for 2.2L diesel and 2.0L TIVCT turbo petrol engines

1 Litre	RX1890
5 Litre	RX1891

5W-30 Semi Synthetic Oil

5W-30 is a semi synthetic fuel economy engine oil, giving maximum performance with proven protection against engine wear and deposit formation in both petrol and diesel engines.

Features & Benefits:

- Easier starting
- Rapid circulation from cold
- Lower emissions
- Improved MPG potential

Carlube 5W-30 FE Semi Synthetic

Suitable for 2.2L diesel and 2.0L TIVCT turbo petrol engines.

1 Litre	RX1886
5 Litre	RX1887

0W-30 Fully Synthetic Oil

A technically advanced fully synthetic low viscosity engine oil for petrol and diesel engines, providing advanced levels of wear protection, performance and enhanced fuel economy.

Features & Benefits:

- Excellent engine performance under all driving conditions
- Enhanced frictional properties giving greater fuel economy
- Increased power due to the low viscosity of the oil
- Lower oil consumption
- Reduced emissions due to improved fuel economy
- Excellent cold weather starting and rapid oil circulation

Carlube 0W-30 Fully Synthetic

Suitable for 3.2L 6 cylinder petrol engines.

1 Litre	RX1903
5 Litre	RX1990

---------	---------	---------------

Castrol Syntans Transaxle 75W-90 is a full synthetic 75W-90 gear oil designed to provide enhanced EP performance compared with a conventional GL-4 fluid in combination with synchroniser compatibility; it is approved against VW 505.50 and is suitable for use in transaxles, manual gearboxes, transfer boxes and final drives where an API GL4 lubricant is specified.

Anti-Freeze & Coolants

Anti-Freeze

The inclusion of a glycol based Anti-Freeze in winter helps prevent the engine coolant from freezing up and blowing a hose or radiator core (or worse!). However, it's not just during the winter that you need protection for your engine and radiator. Using anti-freeze during the summer improves the effectiveness of the coolant by helping to remove the heat from the block and dispersing it more efficiently, even in the worst traffic jam! It also protects from corrosion damage.

Anti-Freeze		
Xpart	1 Litre	GAC2018X
Anti-Freeze - Ethylene Glycol		
CarPlan	5 Litre	GAC2019

The Xpart OAT Anti-Freeze Concentrate has a 5 year life and is suitable for all year use as a coolant and anti-freeze. The silicate free, organic acid technology (OAT) provides superior engine protection and is compatible with all vehicle manufacturers' colours of OAT coolants.

- 5 Year Life
- Suitable for all year round - anti freeze / summer coolant
- Temperature range from +108C / -34C
- Suitable for most vehicles manufactured after 1998
- Silicate free, organic acid technology (OAT) for superior engine protection
- Compatible with all vehicle manufacturers' colours of OAT coolants
- Enhanced corrosion protection

* If in any doubt, always refer to manufacturers recommendations & handbooks.

Silver Hook Radiator Flush

- Cleans & Unblocks Cooling Systems
- Removes Rust & Sludge
- Cleans Water Channels
- Safe With Rubber Hoses
- Safe For All Vehicles

Radiator Flush	Shipping Restriction
All models - Silver Hook 350ml	S3SGA14

Evans Waterless Coolant

PREP FLUID

Absorbs Water

Before filling your system with Evans Waterless Coolant it should be as free from water as possible.

Evans Prep Fluid hygroscopically absorbs any residual water remaining in the system after draining.

System Flush

Evans Prep Fluid actively removes the loose dirt and scale from your cooling system which can cause inefficient heat transfer.

Evans Prep Fluid	
2 Litre	RX16742L
5 Litre	RX1674

POWER COOL 180

No Overheating - Power Cool 180 has a boiling point of 180 deg C and will not boil over.

No Corrosion - Water contains oxygen, oxygen allows corrosion. Power Cool 180 eliminates corrosion.

No Pressure - Power Cool 180 allows your cooling system to run at a lower pressure, reducing the strain on engine components.

No Liner Pitting - Power Cool 180 generates significantly less pitting when compared with all water based coolants.

More BHP - Power Cool 180 eliminates premature detonation associated with overheating.

Evans Power Cool 180 Waterless Coolant	
2 Litre	RX1704
5 Litre	RX1703

Engine & Gearbox Mountings	<h1>MWS Wheel Cleaning & Protection System</h1>		<h1>Wonder Wheels Colour Active Super Wheel Cleaner</h1>			
Cooling			<p>The Wonder Wheels Colour Active Super Wheel Cleaner 600ml is an acid-free wheel cleaner suitable for use on all wheel types, including those requiring extra special care such as chrome, unlacquered, split rims, anodised and damaged wheels. It easily removes baked on brake dust, road grime, dirt, grease and oil quickly and effectively with no brushing required and minimal effort. The technologically advanced cleaning process occurs with the aid of an active indicator which turns the wheel red as it reacts with and dissolves the dirt & brake dust. The product can then be washed off after 5 minutes, and dirty, dull wheels will be transformed back to their original, sparkling, showroom shine.</p>

Rust Removers

Evaporust

Easily remove rust without scrubbing or sanding.
Quickly removes rust to bare metal.

Evapo-Rust® Rust Remover is an environmentally safe water-based product that makes even deep rust effortlessly disappear. Prevents rust forming on all ferrous metals.

A professional product that is so easy to use, anyone can restore rusted tools, automotive parts, hardware or cookware to like-new condition.

- Non-corrosive
- Safe on skin
- No fumes or bad odours
- Non-flammable
- No VOC's
- Non-toxic
- Biodegradable
- Water soluble
- Requires no special equipment (gloves, protective eyewear)
- Will not harm unruined steel
- Safe on other metals
- Will not affect plastic, PVC, Viton and most paints
- Just soak, rinse and re-use

5 Litre will remove 1/2 lb (227g) of dry rust.

Shipping Restriction on Aerosols & Hazardous Fluids

Please note: Aerosols are classed as hazardous and that shipping restrictions apply. Aerosols can not be exported and can only be sent via carrier (not post) to UK mainland destinations. Touch-In pencils and aerosols are non-returnable.

Carplan Rust in Peace Rust Remover

Kills rust fast and forms a moisture barrier to prevent further rust & corrosion.
Suitable for a wide range of automotive and household uses.

PROBLEM SOLVED:

Vehicle parts - Kills rust fast

Nuts & bolts - Forms a moisture barrier to prevent further corrosion

Bonnet and door hinges & joints - Extends the life of component parts

Iron gates & fences - Renovates and protects

Revive™
Bring Your Engine Back to Life

Turbo Cleaner and Power Restorer Kit

Revive treatments are safe water based, non toxic, non corrosive and non flammable fluids, using technology developed and used for the cleaning and maintenance of aviation jet engines, power station turbines, large marine diesel engines and now automotive engines. The treatment is sprayed into the vehicle's intake system before the turbo inlet whilst the engine is running. As the fluid passes through the engine, the active ingredients lock on to built up oily/carbon deposits and strips away surface layers. These tiny carbonised particles are no larger than the soot particles the engine naturally generates, making the process safe for vehicles fitted with catalysts and filters.

AVIATION TECHNOLOGY

The technology behind Revive treatments was developed for the aviation industry and power generation. It's used to clean aeroplane jet engines and keep power station turbines in top working condition.

ECO FRIENDLY

All Revive fluid is biodegradable, non toxic, safe to use and non flammable.

EASY TO USE

An engine treatment is so simple to perform, the fluid is sprayed into the inlet system pre-turbo, no need to remove or dismantle the turbo, just unclip the inlet trunking.

REPAIR WITH REVIVE

Revive is used to clean engine systems that already have problems caused by soot & oily build up. By performing three Revive cleaning doses on the vehicle, carbonised layers are removed gradually, making the engine cleaning process very safe.

RESTORES ECONOMY, POWER & EMISSIONS

Cleaning the turbo and other engine internals helps restore fuel economy, regains lost power and reduce exhaust emissions.

VARIABLE VANE TURBOS

Variable nozzle / vane technology can be a major cause of turbo problems due to sticking turbo vanes, cleaning with Revive helps remove soot & oil from the mechanism to restore normal movement.

Revive Turbo Cleaning Kit

Diesel Kit - 750ml

Petrol Kit - 750ml

REV9000

REV9400

Revive™
Bring Your Engine Back to Life

Service Shot Preventative Treatment

PREVENT WITH SERVICE SHOT

Revive Service Shot is used to prevent the build up of soot in the engine system, it is a quick, simple one shot treatment that is used before each service.

Regular use of Service Shot helps maintain the health and operation of the engine, it prevents soot & oil build-up by removing deposits before it causes problems and is important to use on healthy engines, as well as engines that have previously been treated with a full Revive clean.

VARIABLE VANE TURBOS

Preventative treatment with Service Shot helps keep the Variable nozzle / vane components clear of soot that causes sticking and boost related issues, regular use at each service helps maintain normal movement and health.

Revive Service

REV9011

CATACLEAN™
Liquid science for the life of your vehicle

- IMPROVES FUEL ECONOMY
- REDUCES EMISSIONS
- RESTORES PERFORMANCE
- PROTECTS & MAINTAINS CATALYTIC CONVERTER
- REDUCES RISK OF DIESEL PARTICULATE FILTER (DPF) CLOGGING

Cataclean is a fuel and exhaust system cleaner. Cataclean will remove the harmful carbon build-up in the valves, injectors, oxygen sensors, EGR valve, and catalytic converter.

Cataclean will also reduce the particulates in a DPF, preventing clogging. Cataclean can improve fuel economy, reduce emissions, restore performance and extend the life of engine/exhaust parts.

Electrical

Smart Charger - Battery Charger
 Avon **RX2130**

Avon Smart Charger - Battery Charger

- Electronic Smart Charger
- Suitable for charging 6 volt & 12 volt Wet & AGM batteries
- LCD Battery Level Indicator
- 5 Step Charging Program

4 Charging modes - Pulse charging/Soft start/Auto select current/Bulk charging
 Complete with THREE sets of leads to enable you to have 2 vehicles with a permanent fly-lead, plus still having a set of Crocodile leads for floor or bench charging.
 1 x insulated & fused crocodile clip/detachable & fused ring terminal fly leads (these can be left fixed to a vehicle to allow easy on-off fitting of the charger)
 Multiple use (cars, motorcycles, vans, quad bikes, lawn mowers, golf buggies etc)
 Full instruction manual included (including safety information)
 IP65 rated

Manufactured to European electrical safety standards.
 Suitable for low maintenance and maintenance free 6v / 12v batteries of 1.2Ah - 120Ah capacity only.
 Input: 230V AC 50Hz Input current: 0.6A
 Output: 6V 0.8 - 4.0A. 12v 0.8 - 4ADC

CTEK Battery Charger/Conditioner 0.8 amp

New Generation Charging For Smaller Batteries

The XS 0.8 is CTEK's smallest 12V charger.

Offering state of the art technology is it perfect for charging smaller 12V batteries such as found on motorcycles, jet skis, ATVs, lawnmowers, etc.

It is also suitable for maintenance charging "normal-sized" batteries such as car batteries.

CTEK products are supplied as standard equipment (OE) by many prestige motor manufacturers including Porsche, Ferrari, Aston Martin and Lamborghini.

- Compact, fully automatic, intelligent 6-step charger & conditioner
- Simple 'plug & play' operation
- Suitable for all 12V lead acid batteries including Wet, AGM & Gel
- LEDs display charging stage
- Designed to protect vehicle electronics
- Can be left connected indefinitely without over-charging battery
- Non-sparking, reverse polarity protected
- 5 year warranty

CTEK Battery Charger/Conditioner
 CTEK **RX1410CTEK**

Jump Leads - Heavy Duty

Fully insulated heavy duty clamps for additional safety supplied in a protective nylon bag.
 Suitable for LGV and commercial use.
 Cross section area of cable is 35mm², cable length is 4.5m 450 amps.
 Supplied with nylon bag for easy storage.

Jump Leads Heavy Duty
 Ring **RX1657**

Compact Dashboard Camera

- Record your off road adventures for your records.
- Record vital evidence in the event of a crash.
- Protect yourself from insurance fraud, and in some cases even lower your insurance costs.

Large dash cam screen, compact unit - 2.7" - and a 120° lens to capture a wide shot. The camera automatically turns itself on when you start the car, and will switch off once the engine is turned off. Just plug in and it's ready to go. Continuous loop recording means no need to manually replace SD cards (not included).

Compact Dashboard Camera
 Ring **RX1784**

Parking Sensor Kit

Ultrasound sensors detect any obstacle behind or in front of the vehicle (other vehicles, pedestrians, kerbstones, etc.) and informs the driver of its proximity with an audio signal that intensifies and becomes continuous when the vehicle comes within 30cm of the object.
 Easy installation, smooth integration

Parking Sensor Kit with Buzzer
 Valeo **RX1559**

Reversing Camera Kit

Fully Automatic Kit with LCD Monitor

- Small, discreet, camera.
- Typically installed above number plate to include the rear bumper in the field of view.
- Outstanding image quality both day and night.
- Panoramic view.
- Instant image on.
- Single cable installation technology.
- IP68 rated (100% water and dust proof).
- Works seamlessly with supplied LCD monitor.

Automatic Reversing Camera Kit
 Ring **RX1710AUTO**

Wireless Rear Facing Kit - includes Monitor

Seeing exactly what is behind a Land Rover is not easy using conventional mirrors. This kit is a practical driver assistance device with the primary objective of helping the driver to see things that they may not otherwise see when reversing.

- Wireless Digital Reversing Camera System
- 4.3" colour TFT monitor.
- Digital wireless video.
- Suction cup mounting bracket.
- Parking guidelines.

Wireless Reversing Camera Kit
 Ring **RX1710**

Add an extra forward facing Camera.

Front facing camera - no monitor
 An additional camera to add to RX1710 kit.

Forward Facing Camera
 Ring **RX1710OFFCAM**

Touch Up Paint

Confirming the correct paint colour name for your car may be done by reading the paint name on the VIN plate, under the bonnet. Touch up pencils and aerosols for all of the standard paint colours are listed here, together with the Land Rover three digit codes for each colour (car body repair workshops know and match your car's colour by this code).

For reference purposes the Land Rover/MG Rover standard three letter codes are also shown; you will see these letter codes used as suffixes on the part numbers of colour coded spare parts. For example, some of the touch up paint part numbers on this page use them - a paint pencil in Rimini Red is VEP501730CBK, where VEP501730 is a paint pencil and CBK is Rimini Red.
